PILE SOLUTION COMPONENTS

PROP STACK

RECEIVING & STORAGE

Belly Dump Truck Unloader

Increased capacity and efficiency saves cost and unload time.

Pile Stacker Conveyor

80ft–100ft

To build large onsite storage of 3–10 million lbs of sand.

SAND MOVEMENT

Front End Loader

Increased efficiency moving sand.

Small & Large Hoppers

Baby Huey: 30,000lb min–50,000lb max; small footprint; built-in ramp.

PropHopper: 100,000lb min–125,000lb max; no ramp required.

Patented Integrated Metering System

Automation of the patented, industry standard BabyBeast metering system takes command from the blender and pairs with the hopper.
